Abstracts Proceedings

AB10 *A new filtering technique for automatic seismic estimation based on split wavelets.*

F. J. Sabadell, M. A. Oliva, F. J. Serón, J. Badal.

XXI General Assembly of the European Geophysical Society, Vienna, Austria, April, **1997**.

Referencia: **Annales Geophysicae**, special issue, sup. 1, vol. 15, p. C60, **1997**.

AB09 *Methods and models in the study of the Iberian subcrustal Lithosphere and Asthenosphere as part of the ILIHA project.*

J. Badal, V. Corchete, F. J. Serón, G. Payo.

ILIHA workshop, Madrid, Abril **1993**.

AB08 *Elastic and anelastic structure of Iberian using analog and broadband surface wave data.*

J. Badal, V. Corchete, F. J. Serón, G. Payo, J. A. Canas and L. Pujades
International Symposium "Ten Years of GEOSCOPE Broadband Seismology",
París, Francis, September **1992**, p. 132.

AB07 *Surface wave dispersion analysis using broadband NARS data covering the Iberian Peninsula.*

J. Badal, V. Corchete, G. Payo, F. J. Serón, J. A. Canas and L. Pujades.

XXIII General Assembly of the European Seismological Commission, Prague, Czechoslovakia, September **1992**.

AB06 *Modelling of layered earth structures, constraints and uncertainty in interpretation.*

J. Badal, V. Corchete, G. Payo, F. J. Serón, J. A. Canas and L. Pujades.

European Geophysical Society. XVII General Assembly. University of Edinburgh, Edinburgh, 6-10 April, **1992**.

AB05 *Preliminary Qb models for the Northwestern of Spain from short period Rayleigh waves.*

J. Sarrate, J. A. Canas, L. Pujades, J. Badal, V. Corchete, F. J. Serón, G. Payo and D. Córdoba.

XXII General Assembly of the European Seismological Commission, Barcelona, España, September **1990**, p. 73.

AB04 *Lateral variations of Rayleigh wave velocity and 3-D mapping of S-velocity in the Iberian Peninsula.*

J. Badal, V. Corchete, G. Payo, J. A. Canas, F. J. Serón and L. Pujades.

XXII General Assembly of the European Seismological Commission, Barcelona, España, September **1990**, vol. I, pp. 33-39.

AB03 *Lateral variations of Lg wave attenuation in the Iberian Peninsula.*

J. A. Canas, L. Pujades, J. Badal, V. Corchete, F. J. Serón and G. Payo.
18th International Conference on Mathematical Geophysics, Kibbutz Ramat-Rachel, Jerusalem, Israel, June 1990.

AB02 *Joint inversion of Rayleigh wave attenuation and velocity data in the South Atlantic Ocean.*

XXV General Assembly of the European Geophysical Society, Copenhagen, Dinamarca, April 1990.

Referencia: **Annales Geophysicae**, special issue, p. 64, 1990.

M. Rocamora, J. A. Canas, L. Pujades, J. Badal, V. Corchete, F. J. Serón and G. Payo.
